

# Summer Theme File Folder Activities

**AUTISM**  
LITTLE LEARNERS

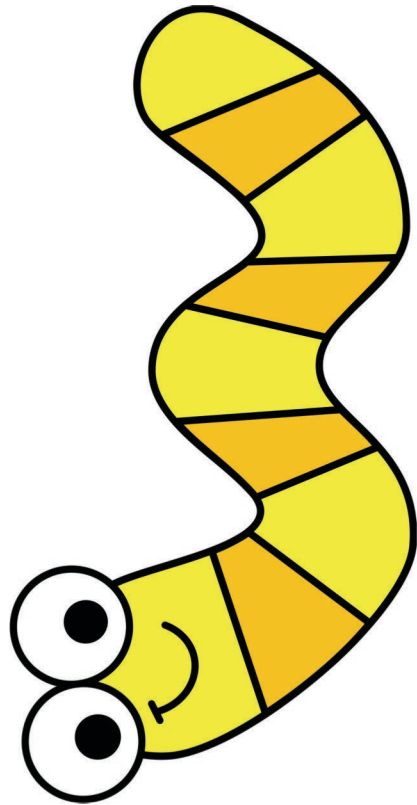

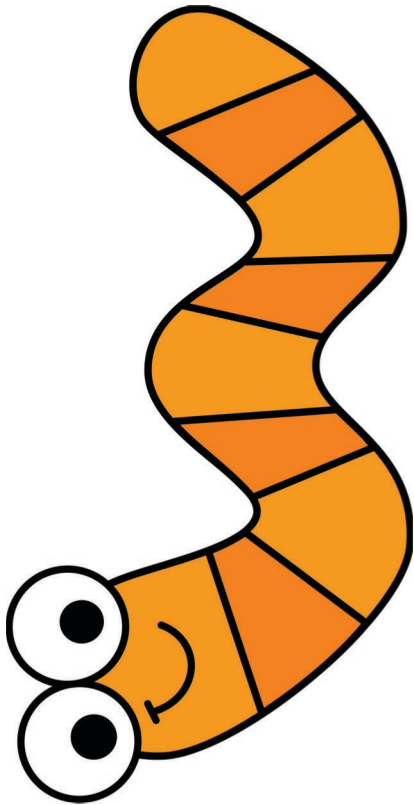

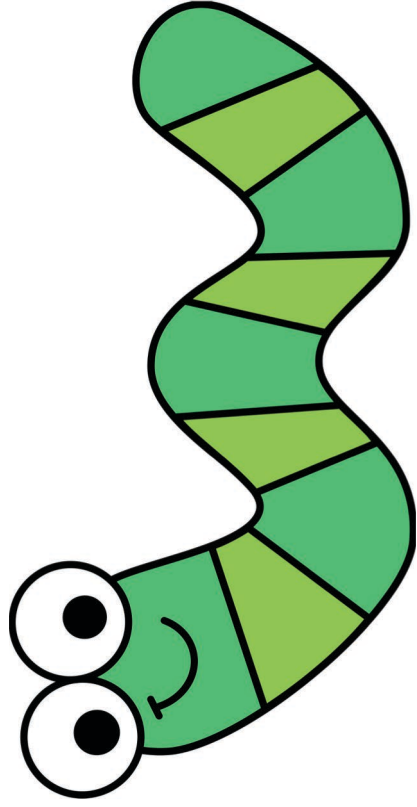

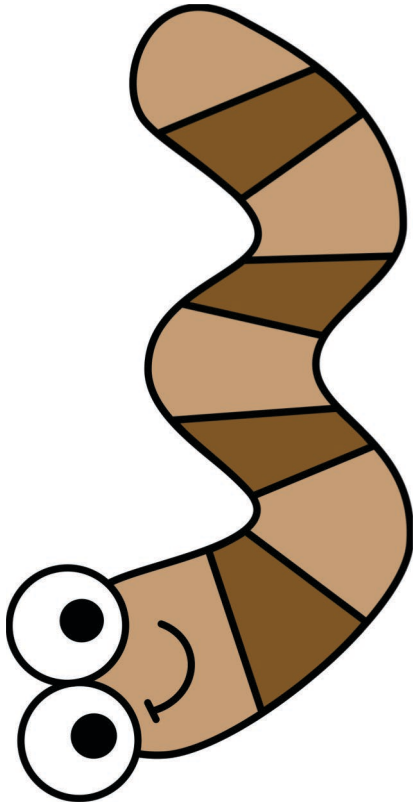

# Instructions for making file folders

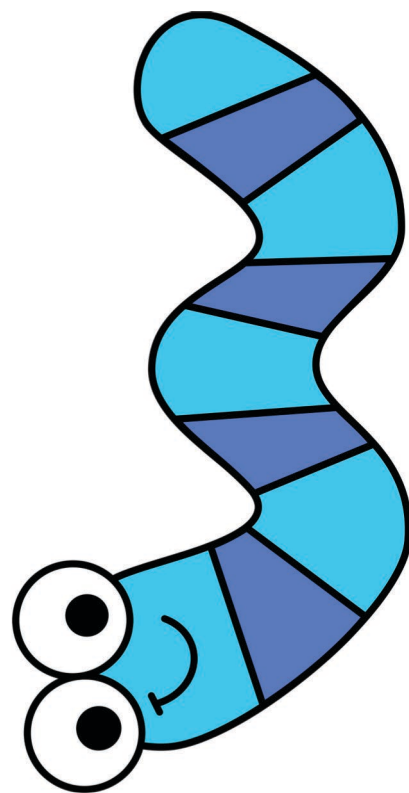

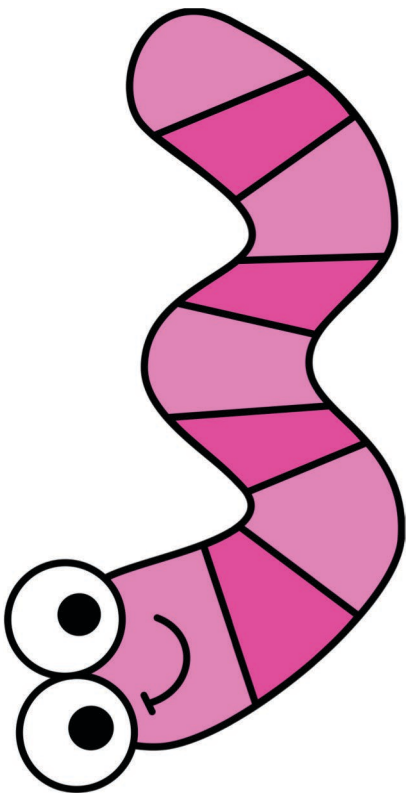

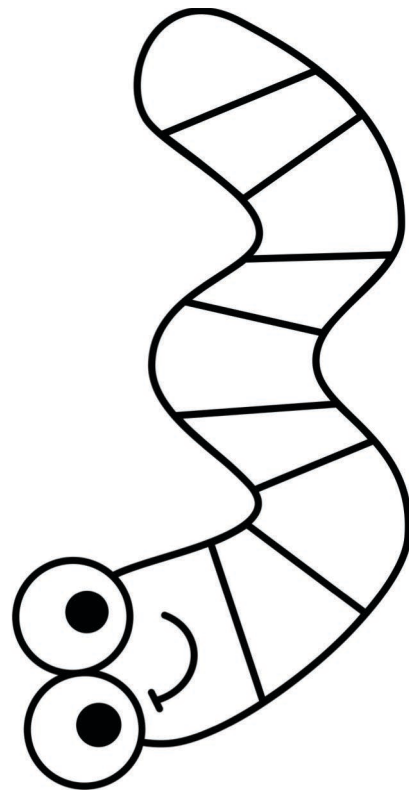

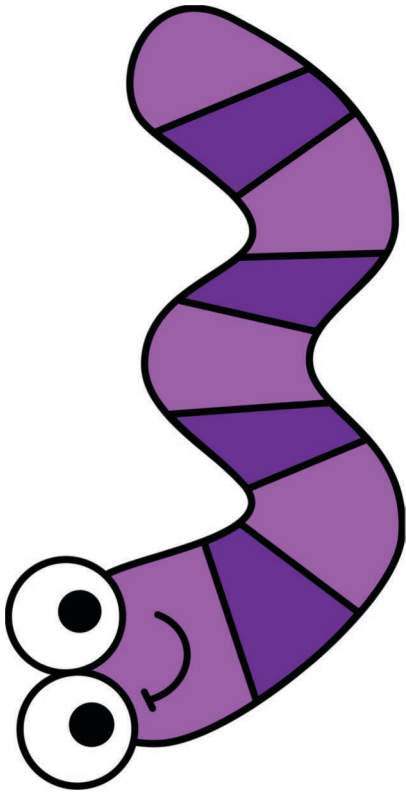

Print 2 copies of each sheet. Cut out one copy of the pictures. You can cut around the actual picture or you can cut on the lines. Totally depends on what you prefer! Glue the images you cut out onto a file folder. Laminate that folder and the other set of pictures. Then, use Velcro to match picture to picture.

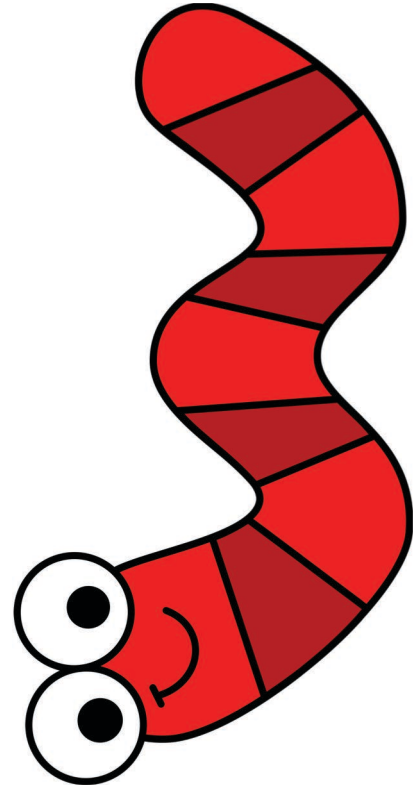

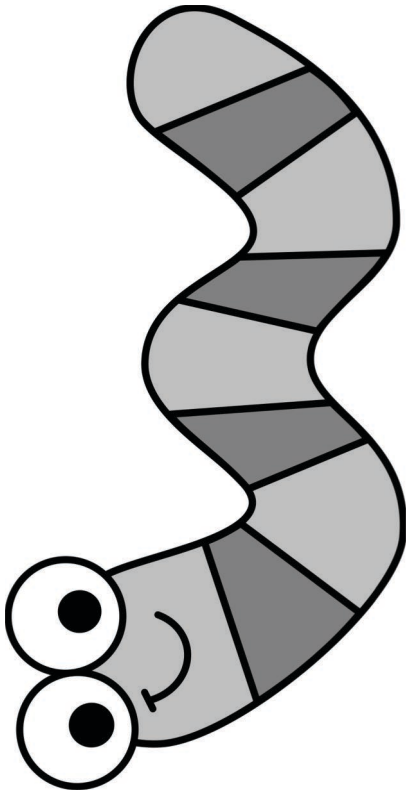

**TIP:** Think about your students and how many pictures they are able to scan and discriminate. Also, if your student can read, you can print a set of words to laminate and match to the pictures on the file folder.
