

WHY AREN'T THEY WEARING A MASK?

We are supposed to wear masks at school and in stores.

Most children and adults are wearing masks and sometimes I see face shields too.

I might see a few children or adults who are not wearing masks.

There are a few reasons why someone may not be wearing a mask. It doesn't mean they aren't following the rules.

Sometimes, a doctor might write a note for someone saying they should not wear a mask. This might be due to a health reason.

The reasons children or adults are not wearing masks is private.

That means, that I should not ask about it. I can tell myself "it is not my business, it is private".

I can do my best to just take
care of myself and make sure
I wear my mask.

Wearing a mask at school is new
and we are all getting used to it!
