

my dog is sick

My dog is sick. This makes
my family sad

Sometimes dogs get better, and
sometimes they don't. The Vet will
try to help my dog.

When dogs don't get better, they
fall asleep and don't wake up.

If my dog doesn't wake up, I
can remember all the fun times
I had with him. I can draw
pictures and talk to my family
about my dog.

My family will help me when I
feel sad about my dog.
